

TOGETHER WE CAN FEED VIRGINIA

WE SERVE OVER 34 MILLION HEALTHY MEALS ANNUALLY TO CHILDREN AND ADULTS.

The Child and Adult Care Food Program (CACFP) provides nutritious meals and snacks that contribute to the wellness, healthy growth, and development of young children, and the health and wellness of older adults and chronically impaired disabled persons. Participating institutions receive reimbursement by serving these nutritious meals to eligible individuals who are enrolled for care at participating child and adult care centers. CACFP also provides meals and snacks to children and youth who participate in afterschool care programs or reside in emergency shelters.
